AUGUST 1, 1865.] THE ENGLISH PRESETTERIAN MESSENGER.

dually becoming a source of graver anxiety | Shanghai laten with ammunition, An, for to the Imperial Government, and has led the a specialist forces in our neighbourthem to adopt measures which, for a time, bood. As the captain and officers who had have put a stop to mission labours in the charge of her during our passage from region south-west from Amor. About England still remain in command, it was server weeks ago a special commissioner to Mr. Dooglas and myself a pleasant rearrived in Amoy to superintend the war- newsl of old friendship, and to all our mislike operations on the part of the Imperial- sion sircle a welcome occasion of showing ists ; and, as a convequence, I suppose, of kindness to those to whom two of our the trafficking between foreigners and the number were so much indebted. Captain Taipings in Chang Chew, which had existed | Butlier urged ins to take advantage of his since their first arrival here, one of his first vessel going direct to Poo-show, and acacts was to enneel all passports then in the company them thither. I was the more tamis of foreigners, and to order that no willing to do this, not only because of the torrigher should enter the district south- privilege of becoming acquainted with the west from Amoy without a special pass- Foo-chow missionaries and messions, but part from himself. I was at that time re- also because when located in Formora I sident at Bay-pay, having many patients may often be compelled to communicate daily, and otherwise engaged in congenial with Foo-chow, and it was well, therefore, mission work. A special pass was obtained that I should secure some personal acfrom the commissioner to enable me to quaintance there. I became, therefore, reach Amoy without molestation; but once again a passenger in the Polessier, further than this, such as permission to and after five days heating up the channel enter the district to pursue their labours, reached Foo-chow. I speat one week there my brethren were unable to obtain. The as the guest of Dr. Stewart, of Edinburgh, same restrictions were also imposed on our a gentleman who in student days was an American brethron with regard to their sta- active labourer in the Cowgate medical tion at Chichbey. It is a matter of thunk- mission in Edinburgh. I had much happy fulness and praise to God, that after an intercourse with the missionary staff enforced absence of five or six weeks, the Foo-chow, and could not hus be thankful to privilege of visiting the churches in Pe- make the acquaintance of dear brethren in chnia, Bay-pay, Llong-bun-si, and that the miss on field who have laboured amidst neighbourhood, has again been partially much opposition and trial, but whose love obtained. Mr. Douglas last week was for their work is unabated. For ten long granted one week's pass to that district ; years our American brothren of the Me and this week Mr. Swanson has obtained a thodist Episcopal and American Board similar farour, his pass also to have effect Missions laboured without seeing a single for one week. What further privileges convert as the fruit of their labours. may, in the goodness of God, he extended 1858 it was that the seed sown in previous to us, we know not ; but we trust that at years began to show evidence of life and least this partial liberty may be continued, growth. Since that time there has been Meanwhile the Imperialist army is making steady progress, and now the various misno head against their opponents; while sions number at least 200 souls, who have the latter, wisely avoiding needless battles been joined to the visible Church. with the Imperialist army, which lies be- chow is a gigantic city, worthy in that retween them and Amoy, are gradually sub- speet to be the capital of Hok-kien; but duing the cities and region in the interior probably just because it is so, its people, to the south and west of Chang Chew. It | especially its gentry, are very proud, and would be foolish, therefore, at present to continue to present a front of unmitigated venture on any speculations as to the pro- opposition to the labours of missionaries hable duration and final issue of this within the walls. Even while there I found contest.

by the appearance of the ship Polassice in Board of Foreign Missions and the aristhe port of Amoy. She had come from hocracy of Foo-chow aneut a site secured to
